Subject: RE: Fact sheet for Aug 11 WLL meeting

Terrie,

EPA approved (with comments) the revised Work Plan for Removal Action Preconstruction Work (dated June 20, 2014) in a letter dated July 1, 2014. This is the start date for the schedule that the PRPs will follow to submit their required deliverables. I recommend against using specific dates in your fact sheet as you suggest below, since the PRPs could request an extension for the submittal of one or more deliverables (I don't anticipate this, but you never know).

I looked at your draft fact sheet and don't have any other suggestions to make. Thanks for the opportunity to preview it.

Sincerely,

Daniel R. Gravatt, PG

Subject: Fact sheet for Aug 11 WLL meeting

Hi Dan,

Attached is a fact sheet about the preconstruction work plan that the WLL CAG asked us to bring to the August 11 CAG meeting. Doug has told me not to prepare a presentation, but he will ask if anyone has questions about the fact sheet and direct them to me. Have you approved the work plan and if so, can we replace the phrases “within x days of EPA approval of the work plan” with dates? Or, is that not a good idea.

Thank you for looking at this and for any comments.

Terrie
